

Marie Biancuzzo's Lactation Éducation Course

Goal

To obtain the lactation education required to be eligible to sit for the IBLCE Exam and to be successful as a lactation consultant.

Objectives

- Demonstrate knowledge about established and evolving biomedical, clinical, and cognate (e.g. epidemiological and social-behavioral) sciences and the application of this knowledge to roles for promoting, protecting, and supporting breastfeeding.
- Use interpersonal and communication skills that result in effective information exchange and teaching with patients, patients' families, and professional associates.
- Contribute to care that is compassionate, appropriate, and effective in promoting, protecting and supporting the initiation and continuation of exclusive and extended breastfeeding.
- Show a commitment to carrying out professional responsibilities, adherence to ethical principles and legal mandates, and using information and technology for leadership activities.
- Develop an awareness of and responsiveness to the larger context and system of health care and the ability to effectively call on system resources to provide care that is of optimal value.

Materials Required to Complete Course

- *Counseling the Nursing Mother: A Lactation Consultant's Guide* (6th or 7th edition)
- Online Course Materials
- Online Post-tests
- Online Evaluation
